

Determination
of
Statement of Principles
concerning
CARDIAC MYXOMA

ICD CODE: 212.7

Veterans' Entitlements Act 1986

1. This Statement of Principles is determined by the Repatriation Medical Authority under subsection **196B(2)** of the *Veterans' Entitlements Act 1986* (the Act).

Kind of injury, disease or death

2. (a) This Statement of Principles is about **cardiac myxoma** and **death from cardiac myxoma**.

(b) For the purposes of this Statement of Principles, “**cardiac myxoma**” means a benign neoplasm composed of primitive connective tissue cells and stroma resembling mesenchyme and usually arising from the atria of the heart, attracting ICD code 212.7.

Basis for determining the factors

3. The Repatriation Medical Authority is of the view that there is sound medical-scientific evidence that indicates that **cardiac myxoma and death from cardiac myxoma** can be related to relevant service rendered by veterans, members of Peacekeeping Forces, or members of the Forces.

Factors that must be related to service

4. Subject to clause 6, the factor set out in the paragraph in clause 5 must be related to any relevant service rendered by the person.

Factors

- 5. The factor that must as a minimum exist before it can be said that a reasonable hypothesis has been raised connecting **cardiac myxoma** or **death from cardiac myxoma** with the circumstances of a person’s relevant service is:
 - (a) inability to obtain appropriate clinical management for cardiac myxoma.

Factors that apply only to material contribution or aggravation

- 6. Paragraph 5(a) applies only to material contribution to, or aggravation of, cardiac myxoma where the person’s cardiac myxoma was suffered or contracted before or during (but not arising out of) the person’s relevant service; paragraph 8(1)(e), 9(1)(e), 70(5)(d) or 70(5A)(d) of the Act refers.

Other definitions

- 7. For the purposes of this Statement of Principles:

“**ICD code**” means a number assigned to a particular kind of injury or disease in the Australian Version of The International Classification of Diseases, 9th revision, Clinical Modification (ICD-9-CM), effective date of 1 July 1996, copyrighted by the National Coding Centre, Faculty of Health Sciences, University of Sydney, NSW, and having ISBN 0 642 24447 2;

“**relevant service**” means:

- (a) operational service; or
- (b) peacekeeping service; or
- (c) hazardous service.

Dated this *Twenty-seventh* day of *March* 1998
