

SUMMARY OF CHANGES:

INSTRUMENT NOS. 71 to 88 OF 2018

Statements of Principles Nos. 71 to 88 of 2018 were signed by the Chairperson of the Repatriation Medical Authority (the Authority) on 24 August 2018.

The Instruments have been lodged and registered with the Federal Register of Legislation, pursuant to section 15G of the *Legislation Act 2003* (Legislation Act). The day of commencement is specified in each of the Statements of Principles, Instrument Nos. 71 to 87 of 2018 have a day of commencement of 24 September 2018. Instrument No. 88 of 2018 (Amendment Statement of Principles concerning motor neurone disease, determined in accordance with the Specialist Medical Review Council Declaration No. 31 dated 20 June 2018) has a day of commencement of 21 June 2018.

In accordance with the Legislation Act, the Office of Parliamentary Counsel must generally deliver a legislative instrument for laying before each House of the Parliament within six sitting days of that House after the instrument is registered with the instrument's registered explanatory statement. The Instruments and the associated Explanatory Statements registered with the Federal Register of Legislation are available from <http://www.legislation.gov.au>.

Copies of each Instrument, the associated Explanatory Statement and a list of references relating to each Statement of Principles, are available in accordance with the *Veterans' Entitlements Act 1986* (the VEA), on written request from the RMA Secretariat.

The 'User Guide to the RMA Statements of Principles' explains the meaning and purpose of each section of the new Statement of Principles template which commenced in 2015. This document is available on the Authority's website at <http://www.rma.gov.au>.

SUMMARY OF CHANGES

Instr. No.	Title	Date of Commencement	ICD-10-AM Code
REVOCATIONS			
71 & 72/2018	adrenal insufficiency	24/09/2018	E27.1, E27.2, E27.3, E27.4, E89.6, A18.7 or A39.1
73 & 74/2018	sinusitis	24/09/2018	J01 or J32
75 & 76/2018	reactive arthritis	24/09/2018	M02
77 & 78/2018	scrub typhus	24/09/2018	A75.3
79 & 80/2018	bronchiolitis obliterans organising pneumonia	24/09/2018	Nil
AMENDMENTS			
81 & 82/2018	malignant neoplasm of the breast	24/09/2018	N/A
83 & 84/2018	loss of teeth	24/09/2018	N/A
85 & 86/2018	tooth wear	24/09/2018	N/A
87/2018	Veterans' Entitlements (Statements of Principles—Category 1B Stressor) Amendment Determination 2018	24/09/2018	N/A
88/2018	motor neurone disease	21/06/2018	N/A

N.B.

The amendment of the Statement of Principles concerning motor neurone disease follows a decision of the Specialist Medical Review Council (SMRC) and not from an RMA investigation.

SUMMARY OF CHANGES

<p>71 & 72/2018</p>	<p>adrenal insufficiency</p>	<p>These Instruments result from an investigation notified by the Authority in the Government Notices Gazette of 19 October 2016 concerning <i>adrenal insufficiency</i> in accordance with section 196G of the VEA. The investigation involved an examination of the sound medical-scientific evidence now available to the Authority, including the sound medical-scientific evidence it has previously considered.</p> <p>The contents of these Instruments are in similar terms as the repealed Instruments. Comparing these Instruments and the repealed Instruments, the differences include:</p> <p>For RH& BoP SoPs (Instrument Nos. 71 & 72/2018)</p> <ul style="list-style-type: none"> • adopting the latest revised Instrument format, which commenced in 2015; • specifying a day of commencement for the Instrument in section 2; • revising the definition of 'adrenal insufficiency' in subsection 7(2); • revising the reference to 'ICD-10-AM code' in subsection 7(4); • revising the factors in subsections 9(2) & 9(14) concerning 'infiltration of the adrenal glands'; • revising the factors in subsections 9(3) & 9(15) concerning 'infection with human immunodeficiency virus'; • revising the factors in subsections 9(4) & 9(16) concerning 'an injury or surgery'; • revising the factors in subsections 9(5) & 9(17) concerning 'haemorrhage or infarction'; • revising the factors in subsections 9(6) & 9(18) concerning 'an infection of the adrenal glands'; • revising the factors in subsections 9(7) & 9(19) concerning 'being treated with a drug or a drug from a class of drugs'; • revising the factors in subsections 9(8) & 9(20) concerning 'glucocorticoid therapy'; • revising the factors in subsections 9(9) & 9(21) concerning 'being treated with medroxyprogesterone acetate or megestrol acetate'; • revising the factors in subsections 9(11) & 9(23) concerning 'a critical illness or injury'; • new factors in subsections 9(12) & 9(24) concerning 'an acute, severe stressor', for adrenal crisis only; • new definitions of 'acute, severe stressor', 'adrenal crisis', 'category 1A stressor', 'critical illness or injury', 'extreme heat', 'glucocorticoid therapy as specified', 'MET', 'MRCA', 'Specified List 1 of drugs', 'Specified List 2 of drugs', 'specified list of infectious organisms', 'specified list of infiltrative disorders' and 'VEA' in Schedule 1 - Dictionary; • revising the definitions of 'equivalent glucocorticoid therapy', 'equivalent inhaled glucocorticoid', 'high or very high potency topical glucocorticoid' and 'relevant service' in Schedule 1 - Dictionary; and • deleting the definitions of 'a drug from specified list 1', 'a drug from specified list 2', 'a specified disorder', 'an organism from the specified list' and 'having glucocorticoid therapy as specified'. <p>The determining of these Instruments finalises the investigation in relation to <i>adrenal insufficiency</i> as advertised in the Government Notices Gazette of 19 October 2016.</p>
<p>73 & 74/2018</p>	<p>sinusitis</p>	<p>These Instruments result from an investigation notified by the Authority in the Government Notices Gazette of 19 October 2016 concerning <i>sinusitis</i> in accordance with section 196G of the VEA. The investigation involved an examination of the sound medical-scientific evidence now available to the Authority, including the sound medical-scientific evidence it has previously considered.</p> <p>The contents of these Instruments are in similar terms as the repealed Instruments. Comparing these Instruments and the repealed Instruments, the differences include:</p> <p>For RH SoP (Instrument No. 73/2018)</p> <ul style="list-style-type: none"> • adopting the latest revised Instrument format, which commenced in 2015; • specifying a day of commencement for the Instrument in section 2; • revising the definition of 'sinusitis' in subsection 7(2); • revising the reference to 'ICD-10-AM code' in subsection 7(4); • revising the factors in subsections 9(1) & 9(11) concerning 'impaired drainage of the sinus', by the inclusion of a note; • revising the factors in subsections 9(2) & 9(12) concerning 'a viral, bacterial or fungal respiratory tract infection'; • revising the factors in subsections 9(3) & 9(13) concerning 'an immunocompromised state'; • new factors in subsections 9(4) & 9(14) concerning 'a specified medical condition'; • revising the factors in subsections 9(5) & 9(15) concerning 'a course of therapeutic radiation for cancer'; • revising the factors in subsections 9(6) & 9(16) concerning 'smoking';

SUMMARY OF CHANGES

- new factors in subsections 9(7) & 9(17) concerning 'second-hand smoke';
- revising the factors in subsections 9(8) & 9(18) concerning 'inhaling a drug or irritant substance';
- new factors in subsections 9(9) & 9(19) concerning 'inhaling airborne dusts, smoke from fires, or fumes or vapours';
- revising the factors in subsections 9(10) & 9(20) concerning 'a specified dental condition', for sinusitis affecting the maxillary sinus only, by the inclusion of a note;
- new factor in subsection 9(21) concerning 'using a drug belonging to the nonselective (COX-1 and COX-2 inhibitors) nonsteroidal anti-inflammatory class of drugs', for sinusitis with nasal polyps only, for clinical worsening only;
- deleting the factors concerning 'being infected with human immunodeficiency virus' as they are now subsumed by the factors in subsections 9(3) & 9(13) concerning 'an immunocompromised state';
- deleting the factors concerning 'allergic rhinitis', 'diabetes mellitus', 'gastroesophageal reflux disease' and 'sinus barotrauma' as they are now subsumed by the factors in subsections 9(4) & 9(14) concerning 'a specified medical condition';
- new definitions of 'being exposed to second-hand smoke', 'chronic renal failure', 'immunocompromised state as specified', 'immunosuppressive drug', 'MRCA', 'specified medical condition' and 'VEA' in Schedule 1 - Dictionary;
- revising the definitions of 'impaired drainage of the sinus', 'pack-year of cigarettes, or the equivalent thereof in other tobacco products', 'relevant service' and 'specified dental condition' in Schedule 1 - Dictionary; and
- deleting the definitions of 'a course of therapeutic radiation', 'a specified substance', 'acute nasal symptoms or signs', 'an immunocompromised state' and 'cigarettes per day, or the equivalent thereof in other tobacco products'.

For BoP SoP (Instrument No. 74/2018)

- adopting the latest revised Instrument format, which commenced in 2015;
- specifying a day of commencement for the Instrument in section 2;
- revising the definition of 'sinusitis' in subsection 7(2);
- revising the reference to 'ICD-10-AM code' in subsection 7(4);
- revising the factors in subsections 9(1) & 9(10) concerning 'impaired drainage of the sinus', by the inclusion of a note;
- revising the factors in subsections 9(2) & 9(11) concerning 'a viral, bacterial or fungal respiratory tract infection';
- revising the factors in subsections 9(3) & 9(12) concerning 'an immunocompromised state';
- new factors in subsections 9(4) & 9(13) concerning 'a specified medical condition';
- revising the factors in subsections 9(5) & 9(14) concerning 'a course of therapeutic radiation for cancer';
- revising the factors in subsections 9(6) & 9(15) concerning 'smoking';
- new factors in subsections 9(7) & 9(16) concerning 'second-hand smoke';
- revising the factors in subsections 9(8) & 9(17) concerning 'inhaling a drug or irritant substance';
- revising the factors in subsections 9(9) & 9(18) concerning 'a specified dental condition', for sinusitis affecting the maxillary sinus only, by the inclusion of a note;
- new factor in subsection 9(19) concerning 'using a drug belonging to the nonselective (COX-1 and COX-2 inhibitors) nonsteroidal anti-inflammatory class of drugs', for sinusitis with nasal polyps only, for clinical worsening only;
- deleting the factors concerning 'being infected with human immunodeficiency virus' as they are now subsumed by the factors in subsections 9(3) & 9(13) concerning 'an immunocompromised state';
- deleting the factors concerning 'allergic rhinitis', 'diabetes mellitus', 'gastroesophageal reflux disease' and 'sinus barotrauma' as they are now subsumed by the factors in subsections 9(4) & 9(14) concerning 'a specified medical condition';
- new definitions of 'being exposed to second-hand smoke', 'chronic renal failure', 'immunocompromised state as specified', 'immunosuppressive drug', 'MRCA', 'specified medical condition' and 'VEA' in Schedule 1 - Dictionary;
- revising the definitions of 'impaired drainage of the sinus', 'pack-year of cigarettes, or the equivalent thereof in other tobacco products', 'relevant service' and 'specified dental condition' in Schedule 1 - Dictionary; and
- deleting the definitions of 'a course of therapeutic radiation', 'a specified substance', 'acute nasal symptoms or signs', 'an immunocompromised state' and 'cigarettes per day, or the equivalent thereof in other tobacco products'.

SUMMARY OF CHANGES		
		<p>The determining of these Instruments finalises the investigation in relation to <i>sinusitis</i> as advertised in the Government Notices Gazette of 19 October 2016.</p>
75 & 76/2018	reactive arthritis	<p>These Instruments result from an investigation notified by the Authority in the Government Notices Gazette of 14 November 2017 concerning <i>reactive arthritis</i> in accordance with section 196G of the VEA. The investigation involved an examination of the sound medical-scientific evidence now available to the Authority, including the sound medical-scientific evidence it has previously considered.</p> <p>The contents of these Instruments are in similar terms as the repealed Instruments. Comparing these Instruments and the repealed Instruments, the differences include:</p> <p>For RH & BoP SoPs (Instrument Nos. 75 & 76/2018)</p> <ul style="list-style-type: none"> • adopting the latest revised Instrument format, which commenced in 2015; • specifying a day of commencement for the Instrument in section 2; • revising the definition of 'reactive arthritis' in subsection 7(2); • revising the reference to 'ICD-10-AM code' in subsection 7(4); • revising the factor in subsection 9(1) concerning 'infection as specified'; • revising the factor in subsection 9(2) concerning 'infection with human immunodeficiency virus'; • new factor in subsection 9(5) concerning 'active mycobacterial disease'; • new definitions of 'active mycobacterial disease', 'MRCA' and 'VEA' in Schedule 1 - Dictionary; • revising the definitions of 'infection as specified' and 'relevant service' in Schedule 1 - Dictionary. <p>The determining of these Instruments finalises the investigation in relation to <i>reactive arthritis</i> as advertised in the Government Notices Gazette of 14 November 2017.</p>
77 & 78/2018	scrub typhus	<p>These Instruments result from an investigation notified by the Authority in the Government Notices Gazette of 19 October 2016 concerning <i>scrub typhus</i> in accordance with section 196G of the VEA. The investigation involved an examination of the sound medical-scientific evidence now available to the Authority, including the sound medical-scientific evidence it has previously considered.</p> <p>The contents of these Instruments are in similar terms as the repealed Instruments. Comparing these Instruments and the repealed Instruments, the differences include:</p> <p>For RH & BoP SoPs (Instrument Nos. 77 & 78/2018)</p> <ul style="list-style-type: none"> • adopting the latest revised Instrument format, which commenced in 2015; • specifying a day of commencement for the Instrument in section 2; • revising the definition of 'scrub typhus' in subsection 7(2); • revising the reference to 'ICD-10-AM code' in subsection 7(4); • new factor in subsection 9(1) concerning 'being exposed to <i>Orientia tsutsugamushi</i>'; • deleting the factor concerning 'being in an area that is endemic for scrub typhus' as it is now subsumed by the factor in subsection 9(1) concerning 'being exposed to <i>Orientia tsutsugamushi</i>'; • deleting the factor concerning 'percutaneous exposure to blood infected with <i>Orientia tsutsugamushi</i>' as it is now subsumed by the factor in subsection 9(1) concerning 'being exposed to <i>Orientia tsutsugamushi</i>'; • new definitions of 'being exposed to <i>Orientia tsutsugamushi</i>', 'MRCA' and 'VEA' in Schedule 1 - Dictionary; • revising the definitions of 'area endemic for scrub typhus' and 'relevant service' in Schedule 1 - Dictionary. <p>The determining of these Instruments finalises the investigation in relation to <i>scrub typhus</i> as advertised in the Government Notices Gazette of 19 October 2016.</p>
79 & 80/2018	bronchiolitis obliterans organising pneumonia	<p>These Instruments result from an investigation notified by the Authority in the Government Notices Gazette of 19 October 2016 concerning <i>bronchiolitis obliterans organising pneumonia</i> in accordance with section 196G of the VEA. The investigation involved an examination of the sound medical-scientific evidence now available to the Authority, including the sound medical-scientific evidence it has previously considered.</p> <p>The contents of these Instruments are in similar terms as the repealed Instruments. Comparing these Instruments and the repealed Instruments, the differences include:</p> <p>For RH SoP (Instrument No. 79/2018)</p> <ul style="list-style-type: none"> • adopting the latest revised Instrument format, which commenced in 2015; • specifying a day of commencement for the Instrument in section 2; • revising the definition of 'bronchiolitis obliterans organising pneumonia' in subsection 7(2);

SUMMARY OF CHANGES

		<ul style="list-style-type: none"> • revising the factors in subsections 9(1) & 9(9) concerning 'taking a drug'; • new factors in subsections 9(2) & 9(10) concerning 'being treated with a drug'; • revising the factors in subsections 9(4) & 9(12) concerning 'a course of therapeutic radiation'; • revising the factors in subsections 9(5) & 9(13) concerning 'bronchial obstruction', by inclusion of a note; • new factors in subsections 9(6) & 9(14) concerning 'inhaling high concentrations of a substance with irritant properties'; • revising the factors in subsections 9(7) & 9(15) concerning 'inhaling sulphur mustard'; • new factors in subsections 9(8) & 9(16) concerning 'gastro-oesophageal reflux disease'; • deleting the factors concerning 'using cocaine or heroin' as cocaine is now covered by the factors in subsections 9(1) & 9(9) concerning 'taking a drug'; • deleting the factors concerning 'inhaling fumes of Acramin FWN textile printing dye, acetic acid or benzalkonium compounds', as they are now covered by the factors in subsections 9(6) & 9(14) concerning 'inhaling high concentrations of a substance with irritant properties'; • deleting the factor concerning 'anthrax vaccine'; • deleting the factor concerning 'coronary artery bypass graft surgery'; • new definitions of 'MRCA', 'specified list of drugs' and 'VEA' in Schedule 1 - Dictionary; • revising the definition of 'relevant service' in Schedule 1 - Dictionary; and • deleting the definitions of 'a course of therapeutic radiation' and 'a drug or a drug from a class of drugs from the specified list'. <p>For BoP SoP (Instrument No. 80/2018)</p> <ul style="list-style-type: none"> • adopting the latest revised Instrument format, which commenced in 2015; • specifying a day of commencement for the Instrument in section 2; • revising the definition of 'bronchiolitis obliterans organising pneumonia' in subsection 7(2); • revising the factors in subsections 9(1) & 9(9) concerning 'taking a drug'; • new factors in subsections 9(2) & 9(10) concerning 'being treated with a drug'; • revising the factors in subsections 9(4) & 9(12) concerning 'a course of therapeutic radiation'; • revising the factors in subsections 9(5) & 9(13) concerning 'bronchial obstruction', by inclusion of a note; • new factors in subsections 9(6) & 9(14) concerning 'inhaling high concentrations of a substance with irritant properties'; • revising the factors in subsections 9(7) & 9(15) concerning 'inhaling sulphur mustard'; • new factors in subsections 9(8) & 9(16) concerning 'gastro-oesophageal reflux disease'; • deleting the factors concerning 'inhaling fumes of Acramin FWN textile printing dye', as they are now covered by the factors in subsections 9(6) & 9(14) concerning 'inhaling high concentrations of a substance with irritant properties'; • new definitions of 'MRCA', 'specified list of drugs' and 'VEA' in Schedule 1 - Dictionary; • revising the definition of 'relevant service' in Schedule 1 - Dictionary; and • deleting the definitions of 'a course of therapeutic radiation' and 'a drug or a drug from a class of drugs from the specified list'. <p>On 13 April 2018, the Authority wrote to organisations representing veterans, service personnel and their dependants regarding these proposed Instruments and the medical-scientific material considered by the Authority. This letter emphasised the deletion of factors relating to <i>anthrax vaccine</i> and <i>coronary artery bypass graft surgery</i> from the Reasonable Hypothesis Instrument. The Authority provided an opportunity to the organisations to make representations in relation to the proposed Instruments prior to their determination. No submissions were received for consideration by the Authority. Minor changes were made to the proposed Instruments following this consultation process.</p> <p>The determining of these Instruments finalises the investigation in relation to bronchiolitis obliterans organising pneumonia as advertised in the Government Notices Gazette of 19 October 2016.</p>
81 & 82/2018	malignant neoplasm of the breast	<p>Amendment</p> <p>These instruments amend Statements of Principles Nos. 96 & 97 of 2014 concerning <i>malignant neoplasm of the breast</i> by:</p> <p>For RH & BoP Amendment SoPs (Instrument Nos. 81 & 82/2018)</p> <ul style="list-style-type: none"> • replacing factor "(d)" in clause 6 concerning 'inability to breast feed', for parous women only; and • specifying the day of commencement of these amendments.

SUMMARY OF CHANGES		
		The determining of these Instruments finalises the investigation in relation to <i>malignant neoplasm of the breast</i> as advertised in the Government Notices Gazette of 14 November 2017.
83 & 84/2018	loss of teeth	<p>Amendment</p> <p>These instruments amend Statements of Principles Nos. 124 & 125 of 2015 concerning <i>loss of teeth</i> by:</p> <p>For RH & BoP Amendment SoPs (Instrument Nos. 83 & 84/2018)</p> <ul style="list-style-type: none"> • inserting a new factor in subsection 9(9a) concerning 'tooth wear'; and • specifying the day of commencement of these amendments. <p>The determining of these Instruments finalises the investigation in relation to <i>loss of teeth</i> as advertised in the Government Notices Gazette of 8 May 2018.</p>
85 & 86/2018	tooth wear	<p>Amendment</p> <p>These instruments amend Statements of Principles Nos. 52 & 53 of 2017 concerning <i>tooth wear</i> by:</p> <p>For RH Amendment SoP (Instrument No. 85/2018)</p> <ul style="list-style-type: none"> • inserting new factors in subsections 8(3)(j) & 8(6)(j) concerning 'vomiting or regurgitating gastric contents'; and • specifying the day of commencement of these amendments. <p>For BoP Amendment SoP (Instrument No. 86/2018)</p> <ul style="list-style-type: none"> • inserting new factors in subsections 8(2)(j) and 8(4)(j) concerning 'vomiting or regurgitating gastric contents'; and • specifying the day of commencement of these amendments. <p>The determining of these Instruments finalises the investigation in relation to <i>tooth wear</i> as advertised in the Government Notices Gazette of 13 March 2018.</p>
87/2018	various Statements of Principles	<p>Amendment</p> <p>This instrument amends the various Statements of Principles referred to in Parts 1, 2 and 3 of the Schedule 1 - Amendments to the Instrument by:</p> <ul style="list-style-type: none"> • including a revised definition of the terms "(a) category 1B stressor" and "(an) eyewitness" and a new definition of "(a) corpse" referred to in the various Statements of Principles for particular kinds of injury, disease or death referred to in Parts 1, 2 and 3 of the Schedule 1 - Amendments to this Instrument; and • specifying the day of commencement of these amendments. <p>The determining of this Instrument finalises the investigations in relation to the terms 'eye witness' and 'corpse' and 'casualty' in the plural in the definition of "category 1B stressor" in the Statements of Principles for the kinds of injury, disease or death listed in Attachment 1 below, as advertised in the Government Notices Gazettes of 9 January 2018 (focussed review concerning posttraumatic stress disorder) and 3 July 2018 (expanded terms of focussed review and conditions reviewed).</p>
88/2018	motor neurone disease	<p>Amendment</p> <p>This instrument amends Statement of Principles No. 67 of 2013 concerning <i>motor neurone disease</i> by:</p> <p>RH Amendment SoP (Instrument No. 88/2018)</p> <ul style="list-style-type: none"> • repealing the existing factor "(b)" in clause 6 concerning 'moderate to severe traumatic brain injury'; • repealing the existing factor "(c)" in clause 6 concerning 'blows to the head'; • repealing the existing definitions of "a high impact contact activity" and "blows to the head" in clause 9; and • specifying the day of commencement of these amendments. <p>The above changes are made at the direction of the SMRC in accordance with its Declaration No. 31 dated 20 June 2018 [https://www.legislation.gov.au/Details/C2018G00472]. The SMRC Declaration appears in the Government Notices Gazette of 21 June 2018. In accordance with subsection 196B(13) of the VEA, the changes as made by Instrument No. 88 of 2018 commence on 21 June 2018.</p>
